Hi, I'm Andy. I'm a web developer with more than 6 years of experience. I always focused on results, so trying to solve client's problem fast and using best practices. I'm aware of modern web-based technologies and the majority of them had experience with. And I really appreciate the opportunity to learn new things. I prefer to work with frontend part. But also in case of interesting project i could create a great backend. I work shoulder-to-shoulder with professionals in team. Have experienced with customers, project estimating, developing solution for business, real-estate and startups.

## Specialization and professional skills:

- Flexible and extensible HTML/CSS coding, including HTML5/CSS3, SASS/LESS
- Frontend / backend php-development under Yii 1.x.x. / Yii 2.x.x frameworks

## My toolset:

- Native PHP code beyond standarts
- SASS/LESS structured code, responsive markup, CSS Frameworks, Bootstrap 2.\*, 3.\*
- MVC frameworks: Yii 1.x.x/ Yii 2.x.x
- JavaScript (ECMAScript5)
- Sketch: UI prototyping, creating mockups and wireframes
- Adobe Photoshop, Adobe Illustrator, Adobe Fireworks Graphics optimization, retouching, design refinement;
- Grunt, Gulp, Webpack, NPM, Node.js
- Git, Github
- Assembla, Hipchat, Google Hangouts;
- PHPUnit, Codeception, Composer
- GNU/Linux at the web servers. Administrating own VDS Server on Digital Ocean

# WORK EXPERIENCE!

## PUBLICATIONS!

*Yii2 Development Cookbook, November 2016.*

This is my book where I represent a collection of Yii2 recipes. Each recipe is represented as a full and independent item, which showcases solutions from real web-applications. So you can easily reproduce them in your environment and learn Yii2 fast and without tears. All recipes are explained with step-by-step code examples and clear screenshots.
